RE: U.S. EPA Indian Environmental General Assistance Program
GA 00T76301-2
Application Due:

JUN 09 2015

Dear Chairman Marques:

I am pleased to inform you that your proposal submitted to this office under the U.S. Environmental Protection Agency's Indian Environmental General Assistance Program (GAP) has been tentatively approved for funding. At this time, I am setting aside **\$139,100** of funding to support your GAP for one year.

Also, in a separate budget and work plan, please include \$130,111 as supplemental funding for your program. This amount represents the following supplementals: \$25,000 for a vehicle, \$83,365 for a modular unit, \$5,622 for additional travel, \$4,179 for position increases, \$2,401 for increases in the Other budget category and \$9,544 for increase for supplies. If additional GAP funds become available and your requests are approved, some or all of your supplemental requests may be awarded.

Work plan submission, negotiation, and approval will be conducted electronically in GAP Online. The comments attached here for your reference are also available in GAP Online. If we receive your complete application and an **approvable** revised work plan by the due date we will make every effort to award the grant by September 30, 2015. This funding will support work plan activities **from July 1, 2015 to June 30, 2016**. Please do not incur any costs under this work plan until the official grant award document has been signed and dated by the EPA Award Official. Any costs incurred before the date of award will not be reimbursed.

This letter does not constitute a grant award. In order to receive funding, the Ely Shoshone Tribe will need to complete an Application for Federal Assistance (SF-424). **The complete application, including an approvable work plan, must be submitted for EPA review by the due date indicated above.** Materials can be submitted earlier and will be processed on a first-come, first-served basis. Please note that in completing your application, you will need to enter the GAP Catalog of Federal Domestic Assistance Number (CFDA), required in box #11 on the SF-424A application form, 66.926.

New Process for Submitting Your GAP Grant Application

Effective February 17, 2015, EPA grant applicants **must** use Grants.gov to submit their applications. The Grants.gov registration process can take up to 30 days to complete. Therefore, it is highly recommended that EPA applicants complete their registration on Grants.gov now. Also, your organization's registration in SAM.gov must be active to utilize Grants.gov. If it appears that the grants.gov registration process may prevent you from submitting your application by the due date aforementioned, then please contact Support@grants.gov or call 1-800-518-4726 as support is available 24 hours a day and 7 days a week. You should also notify your Project Officer before the application due date to request an extension.

Please review both Attachment 2 (Grants.gov Instructions Guide) and Attachment 3 (Region 9 Guidance Information for Applicants) or go to <http://www.epa.gov/region9/funding/information.html> to find additional resources on Grants.gov, Federal Regulations, and new EPA requirements. We suggest you forward these materials to your Project Manager, Financial Officer and any other personnel in your organization requiring this information.

I look forward to working with you and your staff under the General Assistance Program. Questions regarding the completion of the application forms as well as the mandatory use of grants.gov should be referred to Maria Roverso, Grants Management Specialist, at (415) 972-3573. You can also contact your GAP Project Officer, Willard Chin at (415) 972-3797 if you have questions regarding this letter, the work plan or the General Assistance Program.

Sincerely,

Laura M. Ebbert
Manager

GAP 2015-2016 Work plan Comments Ely Shoshone Tribe

Thank you for developing an outcome-oriented work plan. The following observations and requests were written with the intent of strengthening the Tribe's GAP work plan, identifying possible assistance, and ensuring the work plan meets GAP guidelines. These comments pertain to the 2015-2016 work plan that was submitted with your GAP proposal in December 2014. Please ensure that these comments are addressed in your final GAP work plan in GAP Online.

General Definitions and References

1. The following references are useful for understanding GAP in general, for getting an understanding for environmental outcomes, etc.
 - 2013 Guidance on the Award and Management of General Assistance Program Agreements and Appendix I, Guidebook for Building Tribal Environmental Program Capacity
<http://www.epa.gov/region9/funding/pdfs/tribal-gap/r9-gap-guidance.pdf>
 - GAP Act (<http://www.epa.gov/Indian/pdfs/4368b.pdf>)
 - 2015 GAP Grant Notification (<http://www.epa.gov/region09/funding/tribal-gap.html>)
 - EPA Strategic Plan (<http://www2.epa.gov/planandbudget/strategicplan>)
2. Environmental outcomes should be expressed in terms of improvements to public health, the environment, or human behavior. They can also reflect improved tribal capacity to protect public health or the environment. Intermediate outcomes could reflect: a) improved human health or environmental conditions, b) reduced risks to human health or the environment, c) increased tribal capabilities in legal, enforcement, technical, communication, or administrative areas. Long-term outcomes could include attainment of desired environmental conditions (e.g., water quality standards are met) or human health goals, attainment of a desired capacity to plan, develop, implement, manage and sustain tribal environmental programs.
3. Please ensure that each component in your work plan contains one or more capacity indicators that appropriately links to the steps that are either underway or proposed to begin in the associated commitments. Capacity indicators represent the destination of the Tribe's work and therefore the Tribe should express how it will accomplish the tasks necessary to achieve the indicators proposed in its commitments. Moreover, capacity indicators should ideally be placed in the "Measures" section for each component in the work plan. More information on the appropriate use of indicators is found on page 13 of the GAP Guidance. A suite of indicators that the Tribe may consider for inclusion in its work plan is contained in Appendix I of the GAP Guidebook.
4. Please correct any typographic errors in your work plan. Please note that GAP Online does not accept special punctuation or characters including quotation marks, apostrophes, semicolons, or parenthesis.

5. Please ensure that the total work plan Estimated Component Costs add up to the total approved budget amount indicated in the cover letter, and that the total work plan Estimated Work Years adds up to the total number of approved personnel funded under GAP. I have attached a document entitled "Component Cost and Work Years Guidance" that will help you to correctly identify Component Costs and Work Years to comply with this request.
6. Greening Grants Policy: EPA Region 9 has adopted a Greening Grants Policy which encourages grantees to carry out their EPA grant funded projects in a greener way. Your Project Officer will work with you to determine whether it is feasible to incorporate green practices into your work plan. The Greening Grants Policy includes an attachment which describes many useful green practices. The policy furthers the objectives of EPA's 2011-15 Strategic Plan. The link to Greening Grant Policy is on the Region 9 Website Homepage, <http://www.epa.gov/region9/funding/greening-grants.html>
7. EPA may allow IDC costs to be budgeted for grants when indirect costs rates have been approved within the preceding three fiscal years. When IDC rates are not current at the time of the grant award, a term and condition will be used to require the Tribe to notify EPA and refund any overfunded amounts. Please refer to CFR 2, Part 200, Section 200.414 for more information regarding indirect cost rates. This is a change from FY 13 and FY 14 IDC negotiations. Please work with your project officer when budgeting for a 10% IDC.

BUDGET COMMENTS

Please revise the budget to reflect the following: Core funding for \$139,100 has been approved.

In a separate budget and work plan, please include \$130,111 as supplemental funding for your program. This amount represents the following supplementals: \$25,000 for a vehicle, \$83,365 for a modular unit, \$5,622 for additional travel, \$4,179 for position increases, \$2,401 for increases in Others and \$9,544 for increase for supplies. If additional GAP funds become available and your requests are approved, some or all of your supplemental requests may be awarded.

WORK PLAN COMMENTS

Work Plan Component 1: Management of the Environmental Office

Commitment 1.3: If known at this time, please identify potential program funding that the tribe may be applying for. The Tribe may want to refer to GAP Guidance on the Award and Management of the General Assistance Agreements for Tribes and Intertribal Consortia Appendix V, page 1 of 6, EPA Funding Programs that Support Tribal Environmental Program Capacity Development and/or Implementation Activities.

Work Plan Component 3: Tribal Communication Activities

Commitment 3.1 The activities are similar to the current work plan and engaging the same group of stakeholders. Please clarify how these meetings will build capacity or develop a specific tribal program.

Commitment 3.2 If known as this time, please identify potential topics for the environmental webinars being considered.

Work Plan Component 4: Climate Change

The Long Term Outcome language of this component does not match the climate change work being proposed in commitment 4.1, a draft outline of a climate change adaptation plan. Furthermore, a vulnerability assessment is usually developed before an adaptation plan. Please contact your Project Officer to discuss possible revisions to this section.

Work Plan Component 5: Water Quality Monitoring

Please revise the title of this Component to “Water Program Development”.

EPA will not be funding the contractual budget item to conduct water sampling work. Instead the Tribe should can develop its TAS application and QAPP for FY 2016.

If you have questions related to TAS, please contact Danielle Angeles at (415) 972-3441 or angeles.danielle@epa.gov

If have questions on developing a water sampling QAPP, please contact Dave Taylor at (415) 972-3803 or taylor.david@epa.gov.

The text in the measure section “Apply for Stove Change out program” should be deleted. An indicator from the guidebook should be added to the measure section.

Commitment 5.1 is confusing with too many tasks. The activities can be separated into three commitments: 5.1 The Tribe will seek funding sources to improve local source water protection, 5.4 The Tribe will develop its TAS application and 5.5 The Tribe will develop a QAPP.

The EPA contact for Source Water Protection is Leslie Greenberg (415) 972-3349 greenberg.leslie@epa.gov

Work Plan Component 6: Travel and Training

Commitment 6.2 If known at this time, please identify potential training courses/topics under consideration.

Work Plan Component 7: Education and Outreach

Commitment 7.2 description of the summer camp is similar to the current year topics. Please include any new topics to be covered as part of the summer camp program.

Work Plan Component 8: Emergency Response

Commitment 8.1 Please contact Jenny Stephenson at (415) 972-3429 or stephenson.jenny@epa.gov to discuss this section of the work plan on hazardous waste removal.

- Interim Financial Assistance Conflict of Interest Policy:

In accordance with the Omni-Circular's Conflict of Interest disclosure requirements under [2 CFR 200.112](#), EPA issued the [Interim Financial Assistance Conflict of Interest Policy](#). Requirements include applicants providing a prominently titled conflict of interest disclosure statement attached to the SF 424, if applicable. This policy applies to all individuals and nonfederal entities requesting and receiving EPA financial assistance on or after **December 26, 2014**. (Note: A standard EPA form is not currently available for the COI disclosure requirement since this is an interim policy.)

- Submission of Grant Applications via Grants.gov:

Effective **February 17, 2015**, EPA grant applicants must use [Grants.gov](#) to submit their applications. It is highly recommended that EPA applicants complete their registration on Grants.gov now, since the entire process can take up to 30 days to complete. Information located at [Submitting an Application to Grants.gov Apply](#) and [Applicant Resources](#) for Grants.gov will help you get started. Applicants are also encouraged to view a previously recorded [EPA Information Webinar](#) session/ presentation regarding Grants.gov or register for an available session.

Grants.gov support/assistance is available 24 hours a day 7 days a week at 1-800-518-4726 or Support@grants.gov. For International callers, call (606) 545-5035 to speak with a Grants.gov Contact Center representative. Also, the [Region 9 Application Checklist](#) will help ensure your EPA application submitted through Grants.gov is complete.

- **Bundling of Grant Application Certifications (for States & Tribes):**

State and Tribal applicants are highly encouraged to submit annually a single set ("bundling") of application certification forms with a cover letter. The letter must indicate the applicable timeframe (usually a federal or state fiscal year) of the certifications for all EPA grant applications received by Region 9 Grants Management Office (GMO) within that period. GMO accepts Adobe format (.pdf) of the letter with applicable signed certification(s) through the electronic mail box:

grantsregion9@epa.gov. Please note that updated forms must be submitted when changes to the responses are required. The following certifications can be bundled:

- ❖ [Standard Form \(SF\) 424B, Assurances for Non-Construction Programs](#)
- ❖ [EPA Form 6600-06, Certification Regarding Lobbying, Certification for Contracts, Grants, Loans and Cooperative Agreements](#) ❖ [EPA Form 4700-4, Preaward Compliance Review Report for All Applicants Requesting EPA Financial Assistance](#)

Applicants are highly encouraged to use bundling of their certifications if multiple EPA applications are submitted annually. Bundling can be especially helpful as EPA is transitioning to Grants.gov. Please contact your EPA Grants Specialist for questions regarding bundling.

EPA Application Forms:

- **Changes to the Minority & Women Business Enterprise (M/WBE) Utilization Reporting Requirement:**

The EPA issued a revised class deviation from [40 CFR 33.502](#) on **December 4, 2014**, which supersedes the M/WBE reporting requirement specified in the recipient's Notice of Award. The EPA financial assistance recipients are now required to report annually when certain conditions are met to reach a threshold of \$150,000. Please review the current information from [EPA's Small Business Programs](#).
